

## 4th Quarter Virtual Office Hours

Each Core (ELA, Math, Science, Social Studies) Teacher will hold virtual office hours to support our virtual learners. Virtual office hours are held during teacher's schedule planning periods.

Virtual office hours will provide students with the opportunity to engage with their teachers to receive support, ask questions, and receive feedback over Google Meet.

Virtual office hours will be open to all virtual students. Teachers may invite students to attend virtual office hours to provide targeted support.
